CHANGING TRENDS IN INDUSTRY AND SKILLS REQUIRED FOR STARTUP

Date - 30th Dec 2022

Venue – Engineering Seminar Hall

Time – 12:30 PM

The department of first year engineering conducted guest session of Mr. Raghavan Koli, Author, Founder and Motivational Speaker. Guests arrived at campus at 12:30pm and started with a brainstorming seminar on "Changing Trends in Industry and Skill required for Startup". Prof. Dipannita Mondal, Head, First Year Engineering felicitate Mr. Anup Taryalkar and Mr. Vishal Mohurle from Dr. D. Y. Patil College of Engineering and Innovation.

Speakers have been sharing great ideas and capturing the human imagination by explaining case studies. Speaker started by how industry is transforming in the new era and how your visualization entirely changed the way we see things.

The speaker also explains about new trends that arise within this industry every year, and it becomes important for professionals to be familiar with these different trends and all that they entail is related to Mobile Apps, Automation, Artificial Intelligence, Virtual Reality, Quantum Computing Applications, Smart Technology etc.

However, the speaker discussed job displacement patterns, new job creation patterns, skills for the future / key future skills sought by the industry, key elements of a startup, key phases of a startup, why do startups fail, key success criteria, what is product market fit and how to know that. The Speaker ends the session by interacting with students and question answer session.

This guest session was organized under the guidance of Principal Dr. Suresh Mali Sir as well as Head of Department of First Year Engineering Prof. Dipannita Mondal, Prof. Lakshmi Dalal, Prof. Sherin Kurian, Dr. Anirvan Gupta, Prof. V. Dange, Siddhu Jadhav etc. were present.
