A Report On

“Fresher’s Party to First Year Engineering Students”

The Fresher’s Party was organized on 26th August 2023 with the primary objective of welcoming our new batch of students and helping them integrate into the college community. The event aimed to foster a sense of camaraderie among the students and create lasting memories.

The event began with a warm welcome address by Dr. Sushant Patil Sir, President Dr. D. Y. Patil Educational Federation and Adv.Anjua Patil Madam, Secretary Dr. D. Y. Patil Educational Federation who emphasized the importance of unity and inclusivity. Key college officials also delivered inspiring speeches, motivating the students to excel in their academic and extracurricular pursuits.

The theme for the party was "Rain," which was well-received by the attendees.

The venue was adorned with vibrant decorations and thematic props, creating an engaging and visually appealing ambiance.

A diverse range of entertainment options was provided, including music, dance performances, and games. Local artists and DJs were invited to keep the energy levels high, and they did an excellent job of engaging the audience. We were honored by the gracious presence of our esteemed chief guest the great Marathi actor Mr. Sameer Rajyadhyaksha Sir.

A highlight of the event was the distribution of awards and prizes to recognize outstanding talents among the new students. Categories included "Mr. Fresher," and "Miss Fresher". Many fresher’s showcased their talents through dance, singing, and other performances. This not only entertained the audience but also allowed the newcomers to exhibit their skills and passions.

The Fresher’s Party concluded on a high note, with students expressing their gratitude for the memorable evening.

Embarking on a journey of endless possibilities, the stage is set for the freshmen to shine
